St. Mary's Transit System to restructure routes October 1

As a part of the approved Maryland Transit Administration’s Transportation Development Plan recommendations, the St. Mary’s Transit System will implement the newly restructured STS Public Transportation Routes in order to make service more efficient, easier to understand, and more convenient. Several routes would be joined together in order to reduce the number of transfers riders must make. Routes would connect with each other at Tulagi Place in Lexington Park, the Governmental Center in Leonardtown, and at the Food Lion in Charlotte Hall. These changes take effect Tuesday, October 1, 2013.

Descriptions of the enhanced STS Public Transportation routes and the respective bus schedules will be distributed on the buses. They will also be available at the St. Mary’s Transit System office, 44829 St. Andrews Church Road, California during regular business hours. The approved Transportation Development Plan recommendations may be viewed at http://www.stmarysmd.com/Formsanddocuments.asp. The proposed routes and schedules, as presented at the September 4, 2013 public hearings, may also be found on the County’s website at http://www.stmarysmd.com/dpw/Special-Announcements.asp. Some riders may experience minor changes in bus schedules during the initial implementation of the new routes.

If you have any questions or comments, please direct them to the St. Mary’s County Transportation Division Office at (301) 863-8400 extension 1122 or 1123.
