

## Wildewood Scene of Messy Three-Car Accident

Posted by [petehurrey](#) On 11/08/2009

Just after noon on Saturday, Nov. 7, police and emergency crews responded to the scene of a three-car accident at the intersection of Wildewood Blvd. and Wildewood Pkwy. Witnesses report that a car failed to stop at the stop sign when exiting Wildewood Blvd and hit a second vehicle.

The impact was hard enough to send the second car into a third spinning out of control. The second vehicle flipped on its side after striking the third car. Crash victims were treated on the scene and there were eight signed refusals. No one was transported from the scene.

Authorities continue to investigate. No word on any charges at this time.
