Posted by [petehurrey](#) On 07/07/2010

At approximately 11 a.m. on Wednesday, July 7, Maryland State Police responded to a tractor-trailer rig that was trapped on the southbound lanes of Route 301 in north Waldorf.

It is not known at this time whether or not the following is related to the trailer. A few minutes after MSP Troopers arrived on the scene, a fire was seen in the median strip between the two lanes. MSP using fire extinguishers managed to control the flames until firefighters could respond.

More information to follow as it becomes available.
