

Military spouse employment supported by local company

Posted by [tbnBBM](#) On 11/12/2015

Lexington Park, MD - Precise Systems is proud to announce its participation in the Department of Defense Military Spouse Employment Partnership. The Military Spouse Employment Partnership is an employment and career partnership connecting military spouses with more than 295 partner employers who have committed to recruit, hire, promote and retain military spouses in portable careers.

Precise Systems officially joined the Military Spouse Employment Partnership on Oct. 28, 2015, at the annual Induction Ceremony held at the Mark Center in Alexandria, Virginia. Dr. Jill Biden launched the Military Spouse Employment Partnership on June 29, 2011, to serve spouses from all military services. The partnership is part of the Department of Defense broader Spouse Education and Career Opportunities program, which seeks to reduce the 25 percent unemployment rate experienced by military spouses and close the 25 percent wage gap currently experienced by military wives. By joining the Military Spouse Employment Partnership, Precise Systems is becoming part of an even larger collective effort to support military spouse employment.

For more information about how Precise Systems is working to support military spouses in fulfilling their career goals, visit www.goprecise.com. For more information on the Military Spouse Employment Partnership, please visit <https://msejobs.militaryonesource.mil>.
