

Meet Toffee, our dog of the week!

Posted by [S](#) On 05/19/2016

Waldorf, MD - Toffee #4418 is a 3-year-old-old-female, Whippet/ Cur mix. This young lady is very sweet but very high energy. She is house broken/ kennel trained, and working on leash training. She is dog friendly though dominate and plays rough. She loves to be the center of attention. Good with kids and very gentle. Toffee would need a fenced yard and lots of play time. Sure to fit in well with any active family! She will chew if left to her own devices, would benefit from chew toys in yard and house. She is 38 pounds and full grown. This pup is microchipped. We believe you can always teach an "old" dog new tricks so we highly recommend continued obedience training for this smart pup; it stimulates the dog's mind and establishes a good dog/adopter relationship. If you are interested in adopting, please fill out an adoption form, downloadable from our website: <http://www.lastchanceanimalrescue.org/adoptus.html> and return it per instructions. Email dogs@lastchanceanimalrescue.org with questions. Stay tuned to our Facebook page for adoption event locations and updates: www.facebook.com/lcarnd.
