WANTED NEW HOME: KISSING CATS need a home...

**Sven and Amelia sitting in a cat tree

First Comes Love
Then Comes Marriage
There will be no babies in a baby carriage.**

Of course, they are spayed and neutered. It is the responsible thing to do as a pet owner.

Sven and Amelia are about 1 and a half years old.

They love each other so much that their foster family donated \$150 toward their adoption, so they can be together. They are both fully vetted and together only cost \$100.

They come to Petco every weekend and are miserable there. If someone would only give them a chance, and take them home they would see their true friendly personalities.

Sven gets so upset being at Petco that he growls at people which make it impossible to find him a home. They were both shy at first in their foster home but now are very affectionate and love to hang out with their humans as well as each other.

If interested, you can fill out an application at www.feralcatrescuemd.org, and once approved you could meet them in their own environment or take them home for a few weeks to see if you don't fall in love.

You can visit them at Petco located in California on Saturdays and Sundays between 11 a.m. and 3 p.m.

These sweet cats deserve a loving home.
