

St. Mary's Co. parks and museums tobacco free Sept. 1

Posted by [Cyn](#) On 08/12/2019

Leonardtown, MD -- Starting September 1, there will be no smoking, vaping or any other nicotine use allowed at St. Mary's County parks and museums.

This is all part of a two-phase Tobacco-Free plan. Phase 1 starts September 1, and bans all tobacco and other nicotine products at parks and museums. The policy will not apply to the Wicomico Golf Shores property.

Beginning January 1, 2020, all tobacco and nicotine products will be banned at all county owned or leased buildings and properties.

These rules apply to all employees, contractors, clients and visitors.
