Lexington Park, MD -- A man is in trouble after failing to register as a sex offender when he moved to Lexington Park around two months ago.

Last weekend, police were investigating another complaint in the 46000 block of Franklin Road in Lexington park when they say Frederick Tramaine Smith, 39, gave them a false name.

Deputies determined that Smith had provided false information and Smith discovered he was also a registered sex offender in North Carolina.

Smith moved to Lexington Park around two months before, and failed to update his address, which he is required to do within ten days.

Smith was arrested and charged with Fail to Register Offender/False Information, Sex Offender Register-Fail to Notify, Hindering-Obstruction and Hindering.
